Activities: Troy V. sent in report For the Learning Days Committee. The committee has held 2 meeting to establish the direction of Learning Days activities and actually plan the event. First meeting was held in mid March and the second was on April 12th. At this time Russ G. from Ogden Ut. A discussion about Learning Days needs to be brought to the area level.

Serenity Break: 1:40pm

Old Business:

Service positions open: Alt. Chair, Alt. RCM, and PR Chair. No one willing to take any of these positions.

Learning Days: Steve H. can not find the guidelines, Shawn is confused who should chair, GSR of the group, and that it should not be the responsibility of that group only. NEED GUIDELINES!!!! Tucker states that it is to late for guidelines for the upcoming Learning Days, but guidelines do need to be figured out for next years Learning Days. Toni- instead of starting from scratch we should download from world service, Appoint an Ad Hoc committee. Shawn states that all GSR's need be present so decisions can be made and

the person to be voted in needs to be at area. FORM AD HOC MEETING!!!! Mark is appointed as Ad Hoc Chair, and wants an Ad Hoc meeting before next area meeting. Tucker asks how many people? All GSR's and anyone else to help unite groups. Support for all groups from the area.

CAR: Shawn states that it needs to be gone over by all groups so that the area can send the RCM to regional committee with the whole areas vote. Steve states that the GSR's need to be at Area so that the group will find out in a timely matter. Better Direction. World Service is working on Service Delivery. Toni states that the ball has been dropped but needs to be picked back up and move forward. Proactive as an area. Suggests a one day CAR GSR meeting to go over CAR. RCM to go to Regional Zonal Forum to bring back info to the area as soon as it is available.

Next Agenda: Service System- Steve motions that We develop a new method of providing service through our service system. Shawn seconds the motion. Steve then motions to table the motion, Mark seconds the motion. Motion passes.
